PICATINNY MOUNT

VHR3900

The Contour Picatinny Mount mounts your Contour camera on tactical weapon platforms or other devices that use a standard MIL-STD-1913 Picatinny/Weaver rail. This mount is built from reinforced polymer; it resists vibration, recoil forces and heat.

HEADBAND MOUNT

VHR3600

The Contour Headband mount is a true multi-sport mount. The elastic headband is easy to adjust via sliding buckle and the TRail system allows you to quickly attach your Contour camera. The mount provides jiggle free recording for all of your helmetless activities. Elastic Headband fits all head sizes and works over hats and beanies.

FLEXI STRAP MOUNT

VHR2755

The Flex Strap Mount is a versatile mount that is designed for use across a multitude of sports and bar shapes. Strap it to the downtube of your bicycle or to the roll cage in your car. The soft flexible strap holds steady and dampens vibration to assure clear crisp HD video. Two strap sizes are provided that connect with the rotating mount, ensuring a secure fit to all angle needs.

ROLL BAR MOUNT

VHR3800

The Roll Bar Mount, was built to attach your Contour to motorsports roll-bars. Capture race, drift, and off-road action. Using a double socket arm and ball design it adjusts by turning a central wing nut that gives you almost infinite rotation to achieve perfect shooting angles.

UNIVERSAL WALL CHARGER

VHR2450

The Universal Wall Charger is an international wall charger so you can recharge your Contour Wearable Camcorder wherever you go. Select the plug for the country, connect the USB to your camera, and in about three hours your camera will be ready to rejoin the action.

CARRY CASE

VHR3200

Pack your Contour Wearable Camcorder, up to 4 microSD cards, an extra battery, and a USB cable with you where ever you go. This compact but durable case is the perfect way to store your wearable cam and accessories.

USB CHARGER

VHR3000

Charge your battery using your computer or any USB compliant wall charger. Just connect the charger to your computer's USB port and pop your battery into the charger.

CAR CHARGER

VHR2900

Recharge or keep your Contour wearable camera running while you are on in your car. Connect to the car charger so you can record while charging or power down the camera and recharge even faster.

RECHARGEABLE BATTERY

VHR2350

The rechargeable lithium-ion battery provides 2 hours (depending upon usage and temperature) of portable power for your Contour Wearable Camcorder.

H2OV UNDERWATER HOUSING

VHR H2O

VHR H2OGPS

For Contour+, ContourGPS and ContourHD The H2OV housing is designed for technical and recreational SCUBA. Pressure Tested to 400 ft. - 120 m. The H2OV was designed with a very conservative safety margin and has been used successfully at 194m! The H2OV housings are the perfect solution for capturing your dive adventure.

An **accessory** for every **adventure**

WATERPROOF CASES

VHR3300, VHR3320 & VHR3325

The Waterproof Cases fit your Contour like a hard plastic glove and positively buoyant, so your Contour will float!

These cases are available for:

VHR3300 (ContourHD) - Up to 10 mtrs

VHR3320 (ContourGPS) - Up to 60 mtrs.

VHR3325 (Contour+) - Up to 60 mtrs.

VENTED HELMET MOUNT

VHR2550

Not compatible with ContourGPS.

Find your mounting location, slide the straps through, and cinch them down. Slide your Contour Wearable Camcorder on the rails and you are ready to go. Tilt the camera forward or back to find the best angle.

XL BIKE MOUNT

VHR2775

The XL Bike Mount is built with a dual screw enclosure system so you can clamp securely on to a variety of bar sizes. The twist lock adjustment easily helps you achieve the angle that you are looking for and the Trail system helps you mount and remove your camera quickly and easily.

GOGGLE STRAP MOUNT

VHR2650

The Goggle Strap Mount wraps around a standard goggle strap and rests comfortably against your head on a soft pad. Slide your Contour onto the patent-pending TRail™ Mounting System and you are ready to go. This mount lets your camera look right where you're looking, so it will catch point-of-view video from your line of sight.

FLY MOUNT

VHRFLY

Ultra strong, compact & lightweight; the Flymount is perfect for use on bikes, windsurf rigs, hang-gliders, ultra-lights, kites, sailboats, quads and most other adventure sports equipment.

Flymount works perfectly with the Contour range of cameras when coupled with the Contour Universal Mount Adaptor (VHR3100) or Contour Waterproof Cases.

SURF BOARD MOUNT

VHR3500

Specifically tailored to meet the needs of demanding watersports, featuring a low-profile design and a full rotating arm so the camera can move 360 degrees. Its flat base uses a waterproof adhesive solution that curates to the board, ensuring you don't lose your mount or your camera.

Shown with Waterproof Case.

SURF MOUNT ADHESIVES

VHR3520

Replacement Adhesive Pads to remount your Surf Board Mount.

ROTATING FLAT SURFACE MOUNT

VHR3700

This useful multi purpose surface mount was developed to also give you confidence that once locked it will stay in place and deliver solid jiggle free video. Simply slip the camera on the T-Rails, rotate the camera into position, and then push on the lock button and you are good to go.

MOUNT ADHESIVE

VHR2250

Replacement Adhesive Pads to remount your Contour Flat Surface Mount. Works best on flat, non-porous, clean surfaces.

CONNECT VIEW

VHR4000

Contour's Connect View card is an incredibly fast, easy, and inexpensive way to revolutionise the way you record video on your ContourGPS camera. It turns your iPhone, iPod Touch or iPad's screen into a real-time viewfinder for your video camera. Just plug this card into your camera, and it sends a Bluetooth signal to your iDevice instantly.

Connect View card is included with Contour+ camera.

LEFT OR RIGHT PROFILE MOUNT

VHR4110 LEFT

VHR4160 RIGHT

The Profile Mount was built to place the camera within millimeters of the surface that you apply it to. The low profile design enhances the already minute size of the Contour video camera making it even more compact. Its base adheres best to flat surfaces but will conform to curves of helmets and fairings for a variety of applications.

WINDSHIELD MOUNT

VHR2800

A powerful suction cup mount attaches to any windshield or car body. Place the mount where you want it to live, press a button, slide a switch, and voilà! Your Windshield Mount is now locked and loaded. This well designed mount makes it simple to turn, tilt, and rotate your camera 360°.

UNIVERSAL MOUNT ADAPTER

VHR3100

Now your Contour Wearable Camcorder is ideal for your favorite camera mounts. Use the 1/4"-20 Universal Mount Adapter to attach your camera to any mounts or tripods that have their own male 1/4"-20 screw.

LENS KIT

VHR3400

The Lens Kit is a little TLC for your Contour Wearable Camcorder. It includes extra lens covers a replacement Lens Ring. And with the Lens Adaptor Ring, you can screw on a standard 37mm lens filter to get the perfect shot in the toughest lighting conditions.
